By the time this paper will have reached the majority of our readers, the piano contest which we have been conducting for the past two months will have come to a close. There are three contestants who have, as far as we can see, almost equal chances, and it will take the final count Thursday afternoon to determine the winner. No matter who wins, we feel that the other contestants will know that no favoritism was shown and that the reward went to those doing the best work. We appreciate the interest shown by the contestants, and while we have not taken in as much money as we had expected, we have added a big list of names to our list, names of men, who we hope will be with us in the years to come. In every contest some one must lose and those who have not taken down the main prize feel this way about the contest just closing. We would have liked to have seen every contestant take down the piano, but of course such a thing was impossible. We are in a position now, however, to give our readers a better paper than in the past and shall endeavor to do so during the coming months.

The Times, which by its own acknowledgement is "prohibition" to the core, does not like the way Mayor Howse of Nashville is exhibiting whiskey and beer said to have been purchased from saloons in Newport. It resents the insinuation that whiskey can be purchased here, except from bootleggers. The Times is apparently speaking with the authority of knowledge, but it is the first prohibition paper we have heard of in the state, which was willing to close an eye to alleged violations and which was willing at the first suggestion that the law was being violated, to rise up in indignation and defend those accused. Truly, The Times is in a class all by itself when it comes to being a prohibition paper.

The primary puts the poor man out of politics for it has been found in Georgia and other states that the legitimate expenses of a candidate in a primary, run up into the thousands of dollars. Bryan would never have been heard from if the primaries had been in vogue in Nebraska as he was a poor man when he entered the arena, and the nation would have felt the loss for the country is certainly better off because Bryan was placed on the political map. Primaries may be all that is claimed, but it is hard on the poor man to feel, that no matter how gifted he is with his tongue, that it will take money to bring him to the front.

Coke county will always feel proud of the county court which was determined to push forward good roads, and now it will be up to the county officials to see that the roads are kept in good repair. Some counties have made the mistake of thinking that a macadam road does not need attention after construction, and because of this fact have not received the lasting benefits expected. Coke county should make no such mistake.

Each citizen of the United States should have in his possession, free of debt \$34.35 cents today, according to the per capita circulation. How many editors can say that they have \$34.35 for each member of their family?

Cold weather is coming on, and the people of Newport, and in fact the whole county should awaken to the realization that vaccination will prevent small-pox and that we are most likely to have small-pox with us the whole year. Compulsory vaccination would most likely check the progress of the disease.

Washington county is going to have a new court house, and a sum of \$50,000 has been appropriated. These East Tennessee counties are a progressive lot, and with good roads branching out from all county seats, there are many good things in store for the section.

Hamblen county may have the co-operation of other counties in the making of her fair next year, but Cooke county will have her own fair, and it will be run by Col. John M. Jones.

Admiral Scheley died with the knowledge that he had been given full credit for his part in the battle of Santiago.

Senator Bob Taylor says his platform stands for Harmony, hominy and good roads.

The Turkish navy did not remain long above the water.

Day laborers here are enjoying \$1.50 wages for the present.

The Italian-Turkish war has not made itself felt here.

### "Just A Flopper"

Our erratic young friend, Tom Campbell, of the Newport Times, is boosting his townsman, W. O. Mims for the democratic gubernatorial nomination. We can't help admiring Tommy's nerve, but he shows a poor judgment. By the way Tommie, is your man a "regular" or an "irregular" or just a common every day "flopper"?—Ben Haynes in the Claiborne Progress.

### "A Democrat For Governor"

Editor The Sentinel:

"In view of the many notices appearing in different papers over the state, mentioning the name of the Hon. W. O. Mims, of Newport, as a possible candidate for governor, the writer lived for several years in Mr. Mims' home town and knows him to be a man of strict integrity and great ability and one who would lend high honor and respectability to the governorship. Mr. Mims is an educated gentleman, a man who is always on the right side of moral and civic questions, and one who has at heart the best interests of the state and nation.

"Coming from a long line of prominent and influential ancestors a democrat by tradition and belief, personally well known and popular throughout the state, having no friends to reward or enemies to punish, Mr. Mims is peculiarly fitted to lead the reunited democratic hosts to victory. His best friends are those who know him best and most appreciate his many excellent traits of character. "Able, honorable, fearless, patriotic, he embodies in a high degree the elements that would make his administration a brilliant and successful one. The democratic party can find no cleaner man, no better democrat, no more patriotic citizen than W. O. Mims; let him be nominated and elected and he will reflect great honor upon the democratic party and the state of Tennessee.

"J. F. WOODWARD.

"Sweetwater, Tenn."

The above ought to settle it.

Inflammatory Rheumatism Immediately Relieved  
Morton L. Hill, of Lebanon, Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried DR. DETCHON'S RELIEF FOR RHEUMATISM. It gives immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by Smith's Corner Drug Store, Main Street.

## Hopeful Hints On Hair Health

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which will also produce baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Newport only at our store—The Rexall Store, Smith's Corner Drug Store, Newport, Tenn.

Parks Worley, besides being a member of the legislature and holding down the office of revenue agent—clearly unconstitutional—has been endorsed for state senator by the regular Tom Taylor faction of democrats in Sullivan county. Ain't there any other pie that can be showered on Worley? Really the party oughtn't to treat Parks so niggardly.—Johnson City Staff.

Noting that various Tennessee counties have voted recently a total of \$5,000,000 for building of good roads, the Courier-Journal says: "It shows that the people of Tennessee are appreciating the value of good roads and are rapidly arriving at the practically unanimous opinion that the quickest and best way to bring about lasting betterment is by the issue of bonds. The mud tax, as Mr. Gilbert puts it, is the greatest tax known, and to the various items of mud tax which he enumerates must be added the large amounts of money which are being taken annually from county treasuries and virtually thrown away on dirt roads."—Nashville Democrat.
